"Good Pictures" bring you together

1st. Lieut. Bernard Shaw, 28 year old son of Mrs. Veta Shaw, who is serving with the U. S. Army in the South Pacific.

Dear Mom and Mary:

Civilization has long been a dream to us, and when we look at a magazine or pictures from the good old U. S. A. it is like looking at Mars or some far-off, mythical place where all good soldiers go.

I'm not quite up on the local situation, I want to hear about Ann Arbor, Detroit, how people act, think, and what is going on. People at home have no idea how it is not to see a building, a church, a pretty girl for seven long months.

We are not ungrateful, it's just that we always want our World held up before us—it makes it easier to go on.

Love to all,
Bernard

AWARDED TO PLANT 2
OPTICAL DIVISION

Mrs. Veta Shaw, who kindly allows us to publish her son's letter, is helping him by working on the production front in our Optical Division.

Get the best out of your present camera, take care of it and get "Good Pictures." Pictorial records of your daily life will be of great interest to your men abroad. Send them pictures of the things they are fighting for. Here at Argus we are building steadily 100% War Production for Victory and preparing for that time, when our new cameras will replace those that are giving such good service today.
